(1) *Chlorophyll* and *carotenoids* are the pigments that give plants their green color. They are found in the chloroplasts of plant cells. Chlorophyll is the primary pigment responsible for photosynthesis, the process by which plants convert light energy into chemical energy. Carotenoids are accessory pigments that help capture light energy and transfer it to chlorophyll.

(2) *Stomata* are small openings on the surface of plant leaves, typically found on the lower epidermis. They are composed of two guard cells that can open and close the pore. Stomata regulate gas exchange (allowing CO₂ to enter and O₂ to exit) and water loss (transpiration) in plants.

(3) *Transpiration* is the process by which water evaporates from the surface of plant leaves, primarily through the stomata. It is a major factor in the movement of water and nutrients from the roots to the leaves in a plant. Transpiration is driven by the evaporation of water from the leaf surface, creating a negative pressure that pulls water up from the roots.

(4) *Photosynthesis* is the process by which plants convert light energy into chemical energy, stored in the form of glucose. It occurs in the chloroplasts of plant cells. The process involves the absorption of light energy by chlorophyll and the use of this energy to drive the conversion of carbon dioxide (CO₂) and water (H₂O) into glucose (C₆H₁₂O₆) and oxygen (O₂).

(5) *Guard cells* are specialized cells that surround the stomatal pore and control its opening and closing. They are located on the epidermis of plant leaves. Guard cells can take up or release water, which causes them to swell or shrink, thereby opening or closing the pore.

As the first of the new year, we have a special message for you. We are pleased to announce that we have a new product line of **100% cotton** shirts. These shirts are made from the finest cotton and are available in a variety of colors and sizes. We are confident that you will find the perfect shirt for your needs. We are also offering a special discount on all shirts purchased before the end of the year. So, don't miss out on this great opportunity. Visit our website today to learn more and place your order.
